

Your Legacy. Your Story.

“Did you realize that even if you have not taken the important first step of having a will or trust drafted, you already have an estate plan, because every state has a distribution plan that takes over when someone passes away without a plan. Most people find the state-provided estate plan very unsatisfactory and contrary to their wishes. Given a choice, we all prefer to exercise a measure of control over the final disposition of our property. Wills and trusts are the means to this end.”

GIVE A GIFT THAT WILL MAKE A DIFFERENCE

Including a bequest in your will or trust to individual beneficiaries or a charitable organization such as the Kansas Area United Methodist Foundation is a great way to make a meaningful impact on future generations.

WHY INCLUDE A BEQUEST IN YOUR WILL OR TRUST?

The reasons that donors make charitable bequests are generally as varied as the donors themselves, but perhaps one common denominator is a sincere desire to give back to your United Methodist church, the community, or to a particular ministry.

Other advantages include:

It is easy.

Making a bequest is as simple as inserting a few sentences into your will, such as, *"I give \$25,000 or a certain percentage of the adjusted gross estate to the Kansas Area United Methodist Foundation or another charitable ministry."*

It is revocable.

A revocable trust or bequest through a last will and testament provides instructions for a gift at the time of death. These instructions can be changed or terminated at any time prior to death.

It is tax-smart.

Your estate is entitled to an unlimited estate tax charitable deduction for bequests to a qualified charitable ministry. If you make a gift during your lifetime, you will also be entitled to an income tax charitable deduction.

"Grateful for the gift of guidance! We are blessed to have had John's assistance available to us through the Kansas Area United Methodist Foundation. He did a superb job walking us through each detail, explaining the "all-important-but-unfamiliar-to-most" legal jargon, along the way. We can truly say that we understood the options before us and were the active decision makers in the process. What a great feeling to have this planning completed. Thank you!"
